The University at Buffalo has a campus wide site license for Maple. This license agreement allows us to provide copies of Maple software to all systems owned by the University or used by employees of the University. **We distribute free copies of Maple to department Node Coordinators only. A faculty or staff member may contact his or her department coordinator to get a copy of Maple at no charge or they may purchase their own copy from UBMicro. Only the coordinator should be contacting UBMicro or the Help Desk for support.**

**I request the following quantity of Maple CD's:**
